

## RAIL EXECUTIVES AND BROTHERHOOD CHIEFS ARE UNABLE TO AGREE

**Wrestle All Day Without Scoring a Fall—  
Will Reassemble Today and Take up the  
Slippery Question of Seniority—State-  
ment is Issued by T. DeWitt Cuyler**

(By The Associated Press)  
NEW YORK, Aug. 17.—Railway executives and brotherhood chiefs today wrestled with the problem of settling the shopmen's strike and then adjourned until tomorrow without scoring a fall. Tomorrow while President Harding is expected to appear before congress with a message on the rail situation the negotiators will reassemble in an effort to come to grips on the slippery question of seniority.

## TARIFF DUTIES ON DYES AND COAL TAR PRODUCT APPROVED

**Declared by Oppon-  
ents Equivalent to  
An Embargo**

(By The Associated Press)  
WASHINGTON, Aug. 17.—Tar-  
iff duties on dyes and other coal  
tar products which were declared  
by opponents to be equivalent to  
an embargo were approved to-  
night by the senate, 38 to 23. Re-  
publicans and Democrats split on  
the issue, seven republicans op-  
posing the increased rates and five  
democrats supporting it. The new  
duties are based on American  
instead of foreign competition an  
option of the tariff had decided to  
leave to the president.

The roll call followed a sharp  
debate in which Chairman Wads-  
worth of the military committee  
presented a letter from Secretary  
Weeks urging extension of the  
dye control act now in force de-  
claring that "no ordinary tariff  
can prevent the destruction of the  
American dye industry which  
thereby cripple the whole organic  
chemical industry."

The senate approved an amend-  
ment by Senator Shortridge, Re-  
publican, California, proposing a  
duty of 70 cents a gallon on grape  
juice containing or capable of  
producing more than one percent  
of alcohol the same rate would  
be applied with an additional  
rate of \$5 a proof gallon on the  
alcohol contained in it or that  
could be produced from it.

The biggest fight today centered  
around amendments offered by  
Senator Lenroot, Republican, Wis.,  
proposing to reduce the duty on  
table, kitchen, carving and similar  
knives, scissors and pocket knives.  
All three of his proposals were  
rejected.

With the approval of the fi-  
nance committee majority and  
without a roll call the senate elim-  
inated from the bill retaliatory  
provisions relating to wood pulp  
and newspaper paper which were  
on the free list. Under the pro-  
visions the president would have  
been authorized to impose a duty  
of 10 per cent on these materials  
imported from countries depend-  
encies and provinces which im-  
posed any export tax or other re-  
strictions on their exportation.

Mr. Jewell issued a statement  
which advanced the opinion that  
the settlement of the coal strike  
to a large degree would determine  
the settlement of the railroad  
strike because the roads in the  
next few weeks would be called  
upon to move the greatest amount  
of coal in history and at present  
there was an unprecedented pro-  
portion of bad order cars.

One point made by Mr. Jewell  
was that "it is safe to say there will  
be places for one and one half  
times the normal number of men  
in coal car repair shops"—was  
emphasized by other labor leaders  
who pointed out that more bad or-  
der cars constantly piling up.

This, it was said, would make  
it possible for executives to take  
back all strikers and still not be  
forced to discharge new employees.

**FIND KIDNAPED  
WARDEN IN CHURCH**  
Sioux Falls, S. D., Aug. 17.—  
Warden George T. Jameson of the  
state penitentiary, kidnaped by  
four prisoners who escaped from  
the institution today, was left in a  
church near Crooks, S. D., tonight  
his hands and feet bound. The  
warden was able to extricate him-  
self after a short time and im-  
mediately reported to the peniten-  
tiary that he was safe. He had  
not been injured.

Dr. A. E. Obermeyer represent-  
ed Arcadia in this city yester-  
day.

## NO SERIOUS COAL SHORTAGE LOOKED FOR HOOVER SAYS

**If Miners Go to Work  
in Few Days Famine  
Will Not Ensur**

(By The Associated Press)  
WASHINGTON, Aug. 17.—Early  
resumption of coal production in  
the union fields covered by the  
Cleveland agreement was looked  
forward to today by administra-  
tion officials to avert fuel trouble  
throughout the country next winter.  
If the miners in the union fields re-  
turn to work within the next few  
days, Secretary Hoover declared,  
there should be no serious short-  
age of coal during the winter al-  
though there may be minor inconven-  
iences. Production of approxi-  
mately 10,000,000 tons of coal  
weekly, made up of about four-  
fifths bituminous and one-fifth  
anthracite, will be needed, ac-  
cording to Federal Fuel Distribu-  
tion.

Even with adequate production  
Mr. Hoover asserted, action by  
congress will be necessary to en-  
able government price control  
temporarily and to facilitate the  
distribution of anthracite and to  
supply the needs of the northwest.  
"With the resumption of min-  
ing," he said, "the price situation  
will be quickly over."

Mr. Hoover declared the results  
of the fair price agreements have  
constituted a remarkable showing  
with seventy percent of the coal  
now moving being handled under  
the established maximums of  
from \$2.50 to \$2.75 a ton.

Difficulties in the price situa-  
tion, he asserted arose from the  
other 30 percent which gave rise  
to the charges of profiteering  
while operators observing the ag-  
reements were passing up from  
\$8 to \$10 on every ton of coal  
sold.

Emergency price control legisla-  
tion which it is understood  
President Harding will suggest in  
his message to congress tomorrow  
would apply only to coal moving  
in interstate commerce in the  
opinion of Mr. Hoover.

Devices for fixing coal prices  
by federal agencies Mr. Hoover  
believed would be left to congress  
but he gave the impression that  
early action upon legislation was  
expected.

## PROHIBITION HAS COME TO STAY IS HAYNES' BELIEF

**Makes Address Before Coun-  
cil of Churches of  
New Jersey**

OCEAN GROVE, N. J., Aug. 17.  
Federal Prohibition Commissioner  
Haynes in an address prepared  
for tonight under the auspices of  
the New Jersey council of  
churches prophesied that the  
18th amendment never would be  
modified or nullified. He appeal-  
ed to the country to support can-  
didates "who have come out whole-  
ly and patriotically on the side of  
law and order."

The commissioner expressed  
belief that the nineteenth amend-  
ment in giving women the bal-  
lot had made it sure that the  
eighteenth amendment and the  
legislation for enforcing it would  
live on forever without change.

He advised his audience to dis-  
count 98 percent of all remarks  
and reports of a doubtful nature  
referring to prohibition law en-  
forcement work unless they were  
sure of the newspaper printing  
them or the person giving them  
utterance. He said his appeal up-  
on taking office 14 months ago  
for the press stage and screen to  
lend their aid to the great prob-  
lem of enforcement had brought  
pleasing response.

"Editorial and news writers  
have responded to the appeal in a  
very satisfactory manner and  
most editors are now strong for  
enforcement," he said. "The car-  
toonist has ceased to ridicule  
and practically every cartoon in  
newspaper and magazines is sup-  
porting enforcement materially and  
the great mass of people are help-  
fully reached by this means. Cor-  
respondents and reporters are now  
handling prohibition news in a  
straightforward fashion. And  
now comes the theaters, and  
the heads of vaudeville circuits  
issuing orders restraining per-  
formers from making any humor-  
ous reference to the Eighteenth  
amendment."

"It is just such citizens as here  
gathered," said the commissioner,  
"that has registered this great  
moral advance of our country and  
prophesies the fact that the con-  
stitution of our land and with it,  
if you please, the Eighteenth  
amendment which is a part of it,  
shall not be defied, nullified,  
and I think I might added mod-  
ified."

The commissioner said he was  
perhaps more optimistic than his  
hearers with regard to the prob-  
lem made by the enforcement  
forces which had obtained 12,000  
convictions in federal courts the  
past year.

Mrs. Peter Roodhouse of White  
Hall called on local friends yester-  
day.

## Governor Small May Be Candidate Again

(By The Associated Press)  
CHICAGO, Aug. 17.—Governor  
Len Small's acquittal at Wauke-  
gan on charges of conspiracy to de-  
fraud the state has strengthened  
his determination to be a candi-  
date for governor again in 1924,  
persons close to the state admin-  
istration said today.

His entry in the Republican pri-  
mary as a candidate to succeed  
himself was said to have been one  
of the conditions insisted upon by  
the governor at the recent Michi-  
gan City, Ind., conference of  
Lundin-Thompson-Small leaders.  
Shortly after Governor Small's  
indictment last summer his  
spokesmen in the senate, Rich-  
ard R. Meents, insisted that the  
governor would go before the vot-  
ers of Illinois in 1924 in a cam-  
paign for vindication. The gover-  
nor at Springfield tonight declin-  
ed to comment publicly on the  
matter but in political circles here  
close friends of the state and city  
administration were quoted as de-  
claring that the vindication issue  
had been definitely decided upon  
as part of the factional program  
for 1924.

Politicians who insist that  
Frank L. Smith, chairman of the  
Illinois Commerce Commission  
will be an almost sure starter for  
the governorship two years hence  
speculated on what complications  
would arise if both Governor  
Small and Colonel Smith are de-  
termined to stay in the race. Col-  
onel Smith was on the same ticket  
with Governor Small in 1920 as a  
candidate for United States sen-  
ator losing the nomination to  
William B. McKinley.

## FUNERAL SERVICES FOR NORTHCLIFFE HELD YESTERDAY

**Ceremonies at Westminster  
Abbey Were Devoid of  
All Pomp**

(By The Associated Press)  
LONDON, Aug. 17.—Viscount  
Northcliffe, England's foremost  
publicist was laid to rest this af-  
ternoon in St. Mary Lebone Cem-  
etery in Finchley with services of  
surpassing simplicity, beauty and  
solemnity.

The funeral ceremonies in West-  
minster Abbey were devoid of all  
the pomp and panoply usually as-  
sociated with the last rites to the  
country's national figures. They  
were in consonance with the great  
journalist's unostentatious life and  
character. The ritual consisted of  
the recitation of chosen biblical  
verses and the psalms the singing  
of Lord Northcliffe's favorite  
hymn and the playing of the "dead  
march in Saul" and Chopin's fun-  
eral march.

King George and Queen Mary  
were not represented at the fun-  
eral but the Prince of Wales sent  
General Cotter to represent him.  
Sir Edward Grigg attended the ob-  
sequies on behalf of Premier Lloyd  
George, who is residing in Wales.  
The body of Lord Northcliffe  
was buried beside that of his fa-  
ther. The services at the grave  
were conducted by the bishop of  
Birmingham. Over the grave  
flowers were banked in profusion,  
tokens of persons of high and low  
degree.

Lady Northcliffe then an Ambassa-  
dor Harvey today sent a message  
of grateful thanks to President  
Harding and Secretary of State  
Hughes for their condolences.

## STATE CONVENTION AT EXCELSIOR SPRINGS

JEFFERSON CITY, Mo., Aug. 17.—The Democratic state com-  
mittee this afternoon selected Ex-  
celsior Springs as the place for  
the Democratic state convention.  
September 12 was chosen as the  
date of the convention, at which  
the Democratic state platform on  
which the November election will  
be conducted will be written.

**MAY REACH SETTLEMENT**  
Paris, Aug. 17.—A compromise  
settlement on the German repa-  
rations problem acceptable both to  
France and Great Britain was re-  
garded as probable by reparations  
commission officials tonight fol-  
lowing a day given over to con-  
versations and to two informal  
meetings during which at least two new  
plans for meeting the French po-  
sition were discussed. The de-  
tails of these plans were with-  
held but it was authoritatively  
stated that the latest proposals  
would yield more cash than the  
measures prescribed by Premier  
Poincare at the London confer-  
ence.

"One more victory like that and  
the United Mine Workers organi-  
zation will be ruined," the state-  
ment said.

"Announcement of a few addi-  
tional signatures to the Cleveland  
agreement means nothing," the  
statement continued. "If every  
coal operator in the country  
should sign it, still the miners  
lost."

The evidence which has been  
collected against participants in  
the massacre of 19 non-union  
workers at the strip mine of the  
Southern Illinois Coal Company  
has not been turned over to Mr.  
Duty, he announced tonight. He  
announced that the special grand  
jury would inquire into the mine  
riots of the day preceding the riot.  
In which three union coal miners  
were wounded and later died of  
their injuries.

The city which has been in the  
clutch of the wave of two days  
experienced some relief during the  
forenoon in a marked drop of the  
humidity which continued to fall  
throughout the day.

At 2 P. M. the temperature  
stood at 91, the day's maximum.

MILWAUKEE, Wis., Aug. 17.—  
Eight persons were reported pros-  
trated by heat here today when  
the thermometer reached 92 de-  
grees.

INDIANAPOLIS, Ind., Aug. 17.—  
The United States weather bureau  
thermometer in Indianapolis set  
a new high record for 1922 today  
when it registered 95 degrees at  
3 p. m.

DETROIT, Mich. Aug. 17.—Low-  
er Michigan sweltered again to-  
day, with Detroit experiencing the  
highest official temperature in the  
history of the local weather bu-  
reau. At 5 P. M. the mercury  
reached 96. Numerous prostra-  
tions and several deaths were at-  
tributed to the heat.

COLUMBUS, Ohio, Aug. 17.—  
With the official government ther-  
mometer touching 93.3 degrees,  
Columbus today experienced the  
hottest day of the year.

## BOH OPERATORS AND MINERS ARE IN HOPEFUL MOOD

**Apparent Views Will  
Be Widely Diverg-  
ent at Meeting**

(By The Associated Press)  
CHICAGO, Aug. 17.—Illinois  
miners and operators arriving to-  
night expressed hope that their  
meeting tomorrow to discuss terms  
of settlement of the coal strike in  
Illinois would be successful. It  
was apparent tonight that the  
views of the two factions would be  
widely divergent when the meet-  
ing opens.

W. K. Kavanaugh, president of  
the operators' association of the  
fifth and ninth districts and  
spokesman for the three Illinois  
Operators' organizations, asserted  
the operators still were insist-  
ent on arbitration as a means of  
ending the strike and would make  
this demand at tomorrow's meet-  
ing.

Frank Farrington, head of the  
Illinois miners, has announced  
that the agreement reached at  
Cleveland will be presented to Il-  
linois operators and that if they  
insisted on arbitration settlement  
could not be reached.

Union leaders reiterated these  
statements.

Neither faction looked for a  
settlement tomorrow and it was  
predicted that the conferences  
might run into next week before  
an agreement could be hoped for.

It was maintained they were  
standing firm and that the propo-  
sition made to the miners two  
weeks ago to continue present  
wages if all other disputes were  
submitted to arbitration and the  
decision of the arbitration made  
for a two year period from April,  
1922, never had been accepted or  
rejected by the miners' represen-  
tatives.

Robert Medill, state fuel admin-  
istrator, said today that he ex-  
pected to continue issuing priority  
orders for coal until such time as  
he should receive definite instruc-  
tions from Governor Small or the  
governor had appointed commis-  
sioners to supervise the distribution.

Mr. Medill said he had heard  
reports that the governor's coun-  
sel had advised him that the state  
fuel administration was not legal.  
He said that he would take no  
cognizance of such reports un-  
less he heard direct from the gov-  
ernor to that effect.

## SUMMON SPECIAL GRAND JURY FOR HERRIN KILLINGS

**Issued by Judge Hartwell at  
Request of Attorney Gen-  
eral Brundage**

(By The Associated Press)  
MARION, Ill., Aug. 17.—A sum-  
mons for a special grand jury to  
investigate the Herrin mine mas-  
sacre was issued this afternoon  
by Judge Dwight T. Hartwell, of  
Williamson county circuit court  
to convene here Monday, August  
28. It was said the special grand  
jury was called at the request of  
Attorney General Brundage.

Judge Hartwell announced that  
the grand jury summons would be  
served by a special deputy in-  
stead of by Sheriff Melvin Thaxton,  
and that the body will be com-  
posed of representative citizens  
drawn from throughout Williamson  
county. Attorney General Brundage,  
the judge said, expects to  
come to Marion, if possible, per-  
sonally to present the evidence  
which he and a corps of opera-  
tives have gathered in the past  
two months, to the grand jury,  
but if he cannot come he will send  
his ablest assistant to aid State's  
Attorney Duty.

The evidence which has been  
collected against participants in  
the massacre of 19 non-union

## DISASTROUS FOREST FIRES SWEEP OVER STATE OF MINNESOTA

**Six Are Known to be Dead and Hundreds  
Are Made Homeless—Two Towns Are  
Wiped Out—Fires Are Thought to Have  
Started from Smouldering Peat Beds**

(By The Associated Press)  
DULUTH, Minn., Aug. 27.—Six known dead, hundreds  
homeless, at least two towns wiped out and a dozen others  
in imminent danger, was the apparent toll tonight of a se-  
ries of forest fires which swept northeastern Minnesota to-  
day, causing the worst conflagration since 1918, when 400  
persons lost their lives.

All the fires are said to have resulted from smouldering  
peat beds which were whipped into raging furnaces by a  
strong wind and spread to nearby forests.

Thousands of volunteer guards battled the flames on the  
various sectors thruout the forenoon but the flames leaped  
past firelines everywhere about mid-day. Fighters were  
forced to flee for their lives.

When the guards left the fire  
fighting they turned their atten-  
tion to removing the townspeople  
and settlers to places of safety.

Thru the cooperation of the  
state highway department which  
rushed every available truck to  
the fire zone the refugees were  
hastily removed. Not a fatality  
was reported from the districts  
where organized effort was made  
to rescue the refugees.

The only fatalities were re-  
ported by Captain Leroy J. Moir of  
the Duluth tank corps who said  
a family of six was trapped by the  
flames near Markham, north of  
Duluth. The captain and he and  
two guardsmen tried to save the  
family but were driven back by the  
fast traveling flames.

The two towns reported to have  
been burned are Cotton with a  
population of 500 about 47 miles  
north of Duluth and Central  
Lakes, a small railroad town near  
Cotton.

The centers of the worst fires  
are Kelsey 50 miles north of here  
and Eveleth, 90 miles north.  
There are dozens of small fires  
which may develop into serious  
proportions. National guardsmen  
are assisting in transporting re-  
fugees to the temporary quarters  
in nearby towns. The guardsmen  
have not been ordered to fight  
fires. Reports from the various  
fire areas tonight indicated that  
many settlers and farmers had  
lost their homes. It was believed  
that the loss to livestock would  
be heavy.

## MISS M'QUISTON WILL WED W. T. HARMON

**Marriage of Well Known Mem-  
bers of Illinois College Faculty  
to Be Solemnized at Early Date**

Announcement has been made  
of the engagement of Miss Adele  
E. McQuiston to William T. Har-  
mon, the marriage to take place  
at an early date. Miss Mc-  
Quiston, whose home is in Phila-  
delphia, has for several years  
served with special efficiency as  
librarian at Illinois College. She  
is a vocalist of unusual ability  
and during her residence in Jack-  
sonville has been actively iden-  
tified with the literary and mus-  
ical circles of the city.

Mr. Harmon is physical direc-  
tor of Illinois College, having  
held that post since 1910, save  
for his period of army service  
during the world war. As a  
coach Mr. Harmon has won more  
than a state wide reputation and  
he is a man in whose record  
Jacksonville with reason takes  
pride.

Before going to the White  
House Mr. Weeks received from  
the legal department of the army  
an opinion to the effect that the  
coal situation did not constitute  
"emergency" which would authorize  
the recruiting of the army to war  
strength, or to allow the drafting  
of men in time of peace. While  
no such action was contemplated  
Mr. Weeks said the opinions were  
asked from the judge advocate  
general to settle any doubt as to  
the power of government in the  
circumstances. Both the senate  
and house were in session today  
in readiness to hear the president,  
but the house adjourned when it  
became known that he intended to  
delay the presentation of the mes-  
sage.

Representative Ward, Demo-  
crat, North Carolina, introduced  
a bill to give the interstate com-  
merce commission wage fixing  
authority in railroad employment  
and providing a system of making  
public wage rates similar to that  
now operative for new freight  
schedules.

**C. M. & ST. P. MEN  
RETURN TO WORK**  
Channing, Mich., Aug. 17.—  
Train service men on the Chicago,  
Milwaukee & St. Paul who left  
work following disorders here last  
week returned to work today. In  
accordance with their request all  
rail guards have been removed  
and the sheriff and his deputies  
are acting as guards.

**W. C. T. U. OFFICIAL  
DIES IN KANSAS**  
Wallington, Kans., Aug. 17.—  
Mrs. Anna A. Beal, 56, formerly  
secretary of the board of the Il-  
linois Women's Christian Temper-  
ance Union, died today. She came  
here several months ago from her  
home at Jefferson, Ill.

**WILL SUPPLY COAL  
TO THE NORTHWEST**  
WASHINGTON, Aug. 17.—  
Plans for supplying the northwest  
and upper lake region with coal  
as worked out today by the fed-  
eral fuel distribution committee  
provide for the movement of ap-  
proximately 400,000 tons during  
the week ending August 26.

The coal is to come from south-  
ern fields.

**FIGHTERS KEEP  
ON TRAINING**  
MICHIGAN CITY, Ind., Aug.  
17.—Regardless of the blazing  
heat and the definite announce-  
ment of Governor McCray that  
their Labor Day fight would not  
be permitted, Jack Dempsey and  
Bill Brennan today went on with  
their training. Dempsey boxed  
five rounds with his sparring part-  
ners while Brennan worked four.

**A. H. T. A. PICNIC AT  
MEREDOSIA SEPT. 7**  
Meredosia, Aug. 17.—The an-  
nual A. H. T. A. picnic will be  
held in Meredosia on Thursday,  
Sept. 7, and arrangements now  
being made indicate that the pic-  
nic this year will be bigger and  
better than any of the previous  
ones. The picnic given by this  
association last year was a record  
breaker in the matter of attend-  
ance and interest and this year's  
picnic promises to even surpass  
the record of last year.

Thou wilt keep him in perfect peace, whose mind is stayed on Thee; because he trusteth in Thee.—Isaiah 26:3.  
CONFIDENCE is a thing not to be produced by compulsion. Men cannot be forced into trust.—Daniel Webster.

Jacksonville has something to be really and truly thankful about. Norton avenue is to be paved and the work will be done before cold weather.

A Springfield paper says that 50,000 people assembled there in Washington park on Wednesday for the Chamber of Commerce picnic. Wonder who did the counting?

The Jacksonville Chautauqua assembly of 1922 is succeeding and the attendance each day is large. This fact obtains, notwithstanding the terrifically oppressive weather.

If a chautauqua under such circumstances draws crowds, the management would have to increase the size of the tent if the chautauqua were held in a cool month.  
The Anti-Horse Thief association in Macon county is evidencing that it is a live and forceful organization, even if automobiles have so far supplanted horses. A number of Wabash shop strikers had adopted the plan of stopping farmers along a certain highway to see if strike breakers were riding with them into Decatur. This stopping of travelers was entirely without the law and after it had proceeded for a few hours the word sent out to the A. H. T. A., and that night fourteen of the strikers were taken into custody and now must make court answer for their conduct in holding up the farmers.

Sometimes there has been talk about separating Chicago from the state. If lawlessness continues rampant in southern Illinois during the coming days to the degree that has prevailed for weeks past, it wouldn't be a bad idea to separate a few counties down there into a state all their own so that Illinois may not have the odium of responsibility for the conduct of the lawless element that seems to be in control.

It is a quite common thing there to stop the transit of car loads of coal produced in non-union fields, and to accomplish its destruction. Men who have declined to strike or are working in place of strikers are attacked and murdered. Still other acts of violence can be charged up against the southern Illinois residents.

**IT'S GREAT TO LIVE IN AMERICA.**  
Otto H. Kahn, prominent in the financial world, thinks more of America than ever before after having spent three months in Europe. He said recently: "All I can say is that looking at America from across the water emphasizes one's conviction of the blessed position of this country. An era of great prosperity and beneficent progress is within our grasp. The one cloud on the horizon of our contentment and well-being is the disturbed relationships between capital and labor, as exemplified by the frequent recurrence of industrial conflict, and particularly at present the railroad and coal strike."  
"There is no short-cut to the total elimination of such distressing strife, but we must build our hope on the slow but sure remedy of growing reciprocal observance of the golden rule, understanding and respect for the viewpoints and legitimate interests of both capital and labor, a spirit and practice of give and take, consideration for the rights of the public and a sincere and permanent effort at mutual forbearance and conciliation."

**CALL OF THE WILD**  
(By N. E. A.)  
The lure of the South Seas caught a man named Brown, grocery store clerk in Dubuque, Iowa. He saved his money headed for the promised land and heaved a sigh of relief as he set foot on the island he had selected for his future home.  
Months later Charles B. Nordhoff, globe-trotter, meets Brown. The ex-grocery clerk wishes he were back at his old job in Dubuque.  
He says the popular songs and travel books are right about splendid weather and fascinating maidens of the South Seas, but they forget to mention that there's almost nothing available for the newcomer to eat.  
Brown found plenty of coconuts. It was an infernal job husking them and getting the meat out, and he became so fed up on coconut that he could hardly bear the sight of one. But it was better than starving.  
Presently along came four white men.  
"Look here!" they demanded. "What do you mean, building a shack on our property? And what right have you to steal our coconuts? Don't you know that we sell the dried coconut meat? We're copra dealers."  
So Brown moved along into the jungles and began living on bananas, Indians, after announcing that he was on their property, chased him away at the tips of their spears.  
All around, Brown found that everything worth while in the South Seas islands has been staked out by gents who got there first. The lingering tourist is a trespasser.  
Making a living is a world-wide problem that "nauts" are escaped by flight. You find it in the cities, on the farm, in the jungles, in the Frozen North, on tropical islands.  
Most of us imagine that somewhere, if we could just find it, there is a place where we could lie in a hammock and pluck our living from the trees. Deep in our hearts, we know that we are kidding ourselves. Of course, one has to have delusions to lure him on to greater effort.  
And most of us, like Brown in the South Seas, find that nearly everything worth while is staked out before we get there—usually several generations back. Air is about the only thing that's really free.

**DIVORCE SUIT FILED**  
In the circuit court Thursday Mrs. Sylvia Rees, by her attorney, J. O. Priest, brought suit for divorce from her husband, John Rees. Their marriage occurred in October, 1907, and they lived together until June of 1921. Mrs. Rees charges her husband with infidelity.

**KNEW AN OLD FRIEND**  
When Hon. W. J. Bryan arrived at the station Wednesday there were several to meet him and among them a former friend, Joseph Kelly of the Avera National bank. They had not met for years. Mr. Bryan at once knew the gentleman and greeted him cordially. Once in Denver Mr. Bryan was holding an informal reception when a great many were pressing forward to greet him. He happened to see Mrs. Tanner in the gathering and at once stepped down and escorted her to a place by his side. When he was getting acquainted with Miss Mamie Baird the Tanner home was open to them and he never forgot it.  
One time James G. Blaine had an appointment to make and a man drove him there and on the way one of the horses was sick but managed to get there. Several years after Mr. Blaine met the man, recognized him at once, spoke about the ride and asked about the horse. The man almost walked on air. "Mr. Blaine met and knew me right off" was his ofttime exclamation.

**Chef Pernollet**  
By Berton Braley  
(The greatest cook in the world is said to be Pernollet of the town of Belley, France.)  
**SOME** bards may prate of warriors great, Or statesmen mighty in debate, Who sit amid the halls of state Discussing many questions; But I aspire to touch my lyre Of him whose one and sole desire Is pleasing our digestions; Thus I a wreath eternal lay, A laurel ever-vernal lay, Beneath the Gallic kelly, And on the head of Pernollet, Chef Pernollet of Belley!  
**WELL-NAMED** the town of such renown, Where monarch, merchant, prince or clown, With gustatory bliss gulp down Roasts, fies, entrees, salads; To come across the special sauce Of Pernollet, makes words a loss, And makes the versifiers toss. A sleaf of noble ballads; Such cooking might well earn a lay From poets who could turn a lay As well as Keats or Shelley. To celebrate Chef Pernollet, Chef Pernollet of Belley!  
**OH, gluttony** may justly be Viewed as a sin of low degree, But Pernollet's great cookery Entirely justifies it; And gourmets come to fill their tum With food that leaves them wholly dumb Except to say "Um, yum, yum, yum!" To show how much they prize it. So, all good-livers, learn a lay That sings the fame of Pernollet, His soups, his meats, his jelly; As I a wreath eternal lay On Pernollet of Belley!

Joseph Ryan Weds Miss Leila Putnam Wednesday—Will Reside in Detroit.  
Mr. and Mrs. John Ryan, 703 South West street, received a message yesterday announcing the marriage of their son Joseph Ryan to Miss Leila Putnam also of this city. The ceremony was said at the Church of the Holy Redeemer by the Rev. Father Roark at 8:30 o'clock Wednesday morning.  
Mr. Ryan is employed in the Maxwell automobile factory in Detroit. Both young people are well known in this city and their many friends will wish them much happiness. They will reside in Detroit.

**DR. GAGE SPEAKER AT KIWANIS LUNCHEON**  
Chautauqua Platform Manager Addresses Club Men at Weekly Luncheon—State's Attorney Robinson Makes Report.  
Dr. Gage, platform manager of the chautauqua, was the speaker at the luncheon of the Kiwanis club at the Peacock Inn Thursday noon. Dr. Gage, who was for some years associated with the music committee of the International Kiwanis organization, made a very interesting statement with reference to the musical work that the club is doing.  
The Kiwanis organization is encouraging the formation of musical organizations and the study of music along special lines. Certain prize offerings are also designed to encourage general interest in musical education. Prizes are also offered for lyrics and musical compositions.  
President Farrell announced the attendance prizes for the day were awarded to Dr. A. R. Gregory and Hugh Breeden.  
State's Attorney Carl E. Robinson made an informal report concerning the state convention to be held in Detroit in October. A committee has the matter in charge and the expectation is that the local club will be largely represented. Roy Scott, who has been absent from the city for a number of weeks, related some of his summer experiences.  
The guests of the day included Howard Duncan, Champaign; Carl Marquis, Bloomington; A. B. McKinney, Lynville; Francis Rantz, and B. A. Hieronymus, Jacksonville.

**APPROVES PROCEEDINGS FOR MORTON AVE. PAVING**  
Judge Samuel in the county court yesterday approved the proceedings for the laying of the Morton avenue paving and the city is now in position to advertise for bids for construction work. This stretch of paving will connect the hard road with the Hardin avenue paving and when it has been laid an improvement long needed will have been accomplished.  
To travel over the hard road and then find a few hundred yards of very rough road before entering the city is certainly giving tourists a bad impression.  
Judge Samuel also ruled in favor of the city in the tax objections of Mrs. Fannie Weir and H. H. Bancroft. The objections of Mrs. Weir were to the paving assessment on West State street and Mr. Bancroft to sidewalk assessment on East North and North Mauvaster streets.

**FIVE ARE CHARGED WITH BOOTLEGGING**  
One Woman and Four Men Arrested at Franklin Thursday—Claim Jacksonville as Residence  
Franklin, Aug. 12—Eugene Tross, William Tross, Charles Prince, Mrs. Sarah Prince and Niles Cook all claiming Jacksonville as their residence, were arrested here this evening on the charge of bootlegging.  
The quintet were in Franklin during the day mingling with the crowd at the big picnic. Local authorities became suspicious of them and began to observe their actions. This evening they were arrested just after telephoning to Jacksonville.  
Sheriff Weatherford was notified of the arrest and in company with Deputy Sheriffs Wright and Andrews came to Franklin and took the prisoners to Jacksonville where they were lodged in the county jail. Information will be filed against them today.  
Sheriff Weatherford upon his return last night said that the quintet had seven quarts of white mule in their possession when arrested. Three of the prisoners, Eugene and William Tross and Niles Cook are known to be residents of this city. The sheriff is not positive about Charles and Sarah Prince, tho he says they may have come here recently.  
Cook, who is a colored man, was driving the car for the others. He told the sheriff that he did not know any of the parties and had just given them a lift to Franklin. He also told the sheriff that he thought the packages the four carried contained lunch.

CITIZENS WILL AID IN PAVING INSPECTION

Special Committees Named to Co-operate With Board of Local Improvements in Paving Projects.

In order to further protect the rights of property owners, Mayor E. E. Crabtree as chairman of the local board of improvement has appointed citizens committees to serve on the various streets where pavements are now being laid.

This plan has been followed in the past with success, the property owners thus coming into close touch with pavements and knowing exactly what is being done, that specifications are being followed and the general terms of the contract fulfilled.

The work of the special committees does not conflict with that of the inspector. Instead, the committee work with the inspector for the mutual good of the city and the property owners. The following committees have been asked to serve on East State, North Main, West State and Jordan streets, where paving operations are now in progress:

East State street—George Moore, E. A. Schoedsack, J. Rodems.

North Main street—F. J. Andrews, E. H. Doolin, H. K. Snyder.

West State street—W. T. Wilson, E. E. McPhail, Col. O. C. Smith.

Jordan street—Charles Hopper, Harry Hofmann, Joshua Vasconcellos.

Mayor Crabtree, in making the committee appointments wrote each man as follows:

Aug. 16, 1922

Dear Sir:

The Local Board of Improvement is today appointing the following citizen's committee to co-operate with the Board for the laying of the respective pavements.

It will be your duty as a citizen to help us to see that the pavement is laid strictly according to specifications, and in the very best possible manner, and we trust that you will cooperate with that end in view.

It has been the custom of the present administration to appoint a citizen's committee for a like purpose wherever a pavement is being laid and we have found these committees wonderfully helpful.

We would appreciate it if your committee would meet and discuss the situation, familiarize yourselves with the contract and the specifications.

Yours very truly, (Signed) E. E. CRABTREE, Chairman, Local Board of Improvement.

## FOX FAMILY IN ANNUAL REUNION

Scores From Miles Around Gather at Home of Jesse Fox Thursday—Fine Dinner Served at Noon.

The annual reunion of the Fox family was held yesterday at the home of Mr. and Mrs. Jesse Fox in Virginia. Many members of the family came from far and wide to participate in this annual renewal of acquaintances. The ladies of the Fox family are noted for their good cooking which also helped swell the list of those in attendance. A reading by Albert Fox, entitled, "At the Matinee," was one of the enjoyable features of the day.

The following ode to the Fox reunion, written by Miss Ethel Harrison, of Waverly, was read and much appreciated.

The Fox Reunion. The "Fox Reunion" we hail with delight For it comes but once a year And the people come from miles around And also the ones which are near.

The children are soon found acquainted As well as we other folks, too; For we almost forgot each other During the long year thru.

At noon we are summoned by someone Who knows where the goodies are found. And we fill our plates till they hold no more And seek for some place to sit down.

And last but not least is our secretary, Miss Elsie Crouse by name— Her position is lots of trouble But she fills it just the same.

Now I'm sure we will all join together At the close of this meeting and say: "We wish to thank Mr. and Mrs. Jesse Fox For the wonderful time shown us today."

The oldest person in attendance was Mrs. Ella Crouse, 80, of Murrayville. The youngest was Velma Lucille Large, 11 weeks, of Lowder, Illinois.

Those present at the big picnic were: Mr. and Mrs. F. C. Fox and family Frank Fox and family, James Fox and family, Edward Fox family, Frank Bristow and family, Jesse Bristow and family, I. O. Fox and family, Mr. and Mrs. John Williamson, L. L. Fox, Mrs. Albert Kruse and children, Mr. and Mrs. Albert Louis Fox, all of Virginia.

Mrs. Walter Pfeil, Arenzville; Henry Wankel and family, of Beardstown; Amos Swain and family, Jacksonville; Mr. and Mrs. Albert Swain; J. G. Moore and family; Mr. and Mrs. N. T. Fox Mrs. Elizabeth Fox, Mrs. T. N. Fox and family, Mr. and Mrs. Lester Hart and family; Mr. and Mrs. Eugene Hart and family all of Sinclair.

Mr. and Mrs. John Anthony, Pleasant Plains; Allen and Ethel Harrison, Waverly; Mr. and Mrs. James Hill, Chambersburg; Ivan Noble and family, Versailles Mr. and Mrs. I. Vitreus and family, Perry; S. T. Crouse and Miss Velma Crouse; Mrs. Louise Crouse and Miss Elsie Crouse; Ernest Crouse and family and Peter Large and family all of Lowder.

Chester Harrison and family, Dayton, Ohio; H. E. Harrison, Alfred Harrison, Jacksonville; Dean Crouse and family and Mrs. Ella Crouse and family, of Murrayville.

Along towards evening the scores of visitors began to depart all looking forward to the reunion of 1923.

## BROCKHOUSE FAMILY IN ANNUAL REUNION

Large Company Assembled Thursday—All Officers Re-elected—Address Made By State's Attorney Robinson.

The thirteenth annual picnic of the Brockhouse family was held in the grove at the W. C. Brockhouse farm Thursday. It was a mighty warm day but that fact did not interfere with either the attendance or the interest. One hundred and fifty-nine members of the Brockhouse family signed the roster and in addition there were present several hundred friends of the family.

Officers were re-elected as follows: President—George Brockhouse, Arenzville. Vice President—Alfred Brockhouse, Concord. Secretary—Mrs. Emma Detmer, Chapin.

During the brief program yesterday C. E. Rice presided and made appropriate remarks with reference to the meaning of the occasion. The minutes of the last meeting were read by Mrs. Detmer and the record showed during the year two deaths and nine births in the family.

**Law Enforcement**  
The speaker of the day was State's Attorney Carl E. Robinson, who was given a cordial welcome by the large company. Mr. Robinson spoke briefly and informally, dwelling particularly upon the need for law enforcement with special relation to the present industrial situation.

Mr. Robinson said that there is no question about the right of collective bargaining, that no one denies the right of men to strike, but said that if the government is to exist that people must be made to understand that the right to strike does not carry with it the right to destroy property or to injure life.

Mr. Robinson's expressed view was that when a man leaves a job because he is not satisfied with the working conditions, that he certainly does not own that job and that any person who is willing to work under the prescribed conditions should not be molested and is certainly entitled to the full protection of the law. The speaker said that the tendency of some radical labor leaders to condone violence if persisted in and permitted to thrive will certainly lead to anarchy.

**If Farmers Struck.**  
Referring to the relation of wages to living conditions and the strike as the means for enforcing demands, Mr. Robinson said that if any group of men had been justified in striking during the past year that certainly it was the farmers. The prices they have received for their products have been wholly out of accord with their expenditures for necessities. The wages paid skilled mechanics are far in excess of the

pay received by farm workers, whether they be merely employees or owners of the farms. Then the speaker went on to suggest what a strike of farmers would mean, how the curtailment of production would mean hardship for all society.

A feature of the afternoon program was a baseball game between Chapin and Arenzville, in which the Chapin team won by a score of 15 to 13.

The list of guests included eight from Christian county and one from Missouri. The picnic was one of the most successful of the series that the family has given. Of course a fine dinner was served at noon.

## DEATHS

**Beurup.**  
Mrs. Ruth Beurup of this city passed away at 9 o'clock last night at a local hospital. She was born in 1900, the daughter of Mr. and Mrs. C. O. Reding, of this city. She lived all of her life here. In 1920 she was united in marriage with George Beurup. To this union was born one daughter, Margery Elizabeth. She was a member of Brooklyn M. E. church.

She is survived by her husband and daughter; her parents, Mr. and Mrs. C. O. Reding; one sister, Mrs. Don Clark of Chicago, and three brothers, Glenn and Merl of Chicago, and Frank Reding of this city. The body was removed to the Gillham Funeral Home and prepared for burial. No arrangements for the funeral have as yet been made.

## CARPENTER SHOP BURNS AT MEREDOSIA

Meredosia, Aug. 17. — Fire early this morning destroyed the carpenter shop occupied by Summers & Moutray in Meredosia. The building which housed the shop was the property of A. J. Leslie and was built over forty years ago. The contents of the shop were also totally destroyed, with the exception of a few tools which it was possible to remove. It was feared that the flames would communicate to the barn owned by Mr. Leslie and located just back of the shop, but it was possible to prevent this. The loss was total, as no insurance was carried on the shop or its contents.

## WOODMEN PICNIC AT NORTONVILLE, AUG. 20

The Modern Woodmen of Nortonville are to have a picnic, burgoon and fish fry in the village park there Saturday, Aug. 20. There will be a program in the afternoon and a quartet of jubilee singers will furnish music throughout the day. There will be automobile novelty races and an exhibition of broncho riding and a free motion picture show in the evening.

The affair is in charge of a committee including Ray Hayes, Lionel Seymour and Robert Henry.

## FRANKLIN OUTING CLUB SECURES FISH

The Franklin Outing club has recently secured several hundred very fine fish from the Meredosia overflow lands. The shipment was secured largely thru the efforts of George L. Kimber of Waverly, who called the matter to the attention of State Auditor Andrew Russell. The latter used his influence for the benefit of the Franklin club with the desired result.

**FROM CHICAGO.**  
Mr. and Mrs. Ralph Ryan of Chicago are visiting at the home of Mr. Ryan's parents, Mr. and Mrs. Jerry Ryan of Franklin.

**WILL GO TO FRANKLIN**  
Dr. E. L. Pletcher will go to Franklin today to conduct the last quarterly conference of the year at the Franklin M. E. church.

**LICENSED TO MARRY**

## CLUBS AND SOCIETY

**Mrs. Chris Henze is Pleasantly Surprised.**

A surprise party was given Mrs. Chris Henze of 859 North Church street Wednesday evening by a number of friends. Wednesday was the 63rd birthday of the lady. The ladies spent several hours in the home of Mrs. Henze and then served refreshments which they had brought with them.

## Entertained at Bridge.

Mrs. Fred Lynn, of South Main street, entertained her bridge club yesterday afternoon. The affair was in honor of Mrs. Harold Green of Janesville, Wisconsin, who is visiting in the city, and Mrs. Edward Mahoney of this city. Another guest of the club was Miss Margaret Corrington of South Main street. At the close of the afternoon dainty refreshments were served.

## Held Regular Meeting

The Woman's Home and Foreign Missionary Society of Northminster church held its regular meeting Thursday afternoon. Mrs. Sarah Goes lead the devotional exercises and Mrs. Lax Vieira was literary leader. After very interesting devotional exercises a good literary program was enjoyed. Mrs. George Coraor gave a talk about the work in China and Mrs. Homer Ferreira gave a talk on New Mexico. Miss Laura Fernandes sang a solo. The meeting was very interesting and much enjoyed by all. After a short business session the meeting was adjourned.

## Reunion of Sheppard Family Held In City.

The Sheppard family reunion was held recently at the home of Mrs. C. W. Sheppard of 356 North Church street. Over fifty members were present and enjoyed the occasion.

Those present were: Mrs. Sheppard, Esther Sheppard, Ralph Carmichael, Mr. and Mrs. Elmer Sheppard, Mr. and Mrs. Jim Sheppard, Mrs. Eva Stigmatt and son, Miss Alice Matthews, all of Jacksonville. Mr. and Mrs. C. T. Rice and family, Mr. and Mrs. W. T. Wallon and family and Oscar White, of Roodhouse. Mr. and Mrs. Lloyd Fischel and family, Aldon Miller and family and Charles Matthews, all of Jacksonville. Mr. Sheppard and son of Centralia, Ill.; Mr. and Mrs. J. H. Matthews and family, Mr. and Mrs. Charlie Carls and son, Al Chandler and John McElure of Bluff Springs; Mr. and Mrs. Oliver Miller and family, and Mr. and Mrs. J. W. Collins and sons, of Waverly.

## Birthday Party in Honor of Mrs. Souza.

A six o'clock dinner was given at the home of Mr. and Mrs. Charles Souza of North Diamond street Thursday evening in honor of the birthday anniversary of Mrs. Souza. Those present were: Misses Leon, Georgia and Ruth Souza, Mrs. Paul Frank and son Paul Jr., Mrs. Alice Barber, Miss Myrtle Barber, Miss Marguerite Dunn of Litchfield, Mr. and Mrs. Charles Souza, Mr. and Mrs. Charles E. Souza, and Children Betty and Billy.

## Past Noble Grand Club Met With Miss Scott.

The Past Noble Grand club of Jacksonville Rebekah Lodge No. 13 held its regular monthly meeting Thursday evening with Miss Minnie Scott 429 South Main street. ## GOOD MUSIC PROMISED CHAUTAUQUA TODAY

Hadley Concert Company Sure To Please Audience—Annual Meeting of Association Will Be Held—Great Interest Shown in Dr. Brokaw's Explanation of Health Program.

This promises to be one of the most interesting days of the chautauqua. The Hadley Concert Co., headed by Grant Hadley, famous American baritone, will give concert programs this afternoon and evening. The repertoire of the company includes oratorio, opera, quartets with instrumental accompaniments, and both instrumental, vocal and ensemble numbers.

In the afternoon Stephen A. Habush, born near the Sea of Galilee and educated in America, will give a word picture of the Holy Land. The annual meeting of the chautauqua association is scheduled for this afternoon.

Notwithstanding the extreme heat, the attendance was excellent Thursday. Morgan's Famous Rainbow Division band made its second appearance of the week and the program given were up to the band's high standard.

William L. Stridger announced for the afternoon, was unable to be present and in his place came R. D. Hughes of Chicago, who gave a very informing address.

### Better Health For Country

In the evening Dr. R. V. Brokaw addressed an audience which filled the big tent, having as its theme "Better Health for Morgan County." Dr. Brokaw in a very interesting way let his hearers understand what a modern health program contemplates. The address was not in statistical form and held the attention from beginning to end. Dr. Brokaw first called attention to the fact that Morgan is the first county in the state to organize a health department with the county as a basis, and employing a full time health officer. He spoke of the cordial reception accorded him here and said that he had never before begun the organization of a health department under more promising auspices.

The speaker said he had chosen for his text, "Where there is no vision the people perish," as he thought this as applicable to public health work as to any other. He said that it is men of vision who have made history—have placed trails thru the trackless forests and sailed the uncharted seas, harnessed the natural forces of the universe and made them subservient to man's command. Continuing he said:

### Invisible Foes

"Life is a battle against disease, against opponents invisible but more powerful because they are invisible. But thru the aid of the microscope we have been

able to capture and identify the various disease germs and so are able to more successfully wage our warfare for the betterment of the race.

"Better health for Morgan county depends upon better health for every individual in the county. A case of contagious disease in an part of the county affects the health of the whole county. Every vigorous individual in the county promotes the interest of the entire county.

"Every child should have the advantage of a school building that is well lighted, well ventilated and well heated and with an adequate system of medical inspection for the discovery of possible physical defects.

"Every adult has the right to a good house in which to live, an abundance of good wholesome food, a safe water supply, adequate sewerage system and a health department which can satisfactorily meet the needs of the public health problems of the community.

### Preventable Diseases

"Many diseases are preventable. It is unnecessary to have smallpox, diphtheria and typhoid fever in these days of serums and vaccines the value of which has been very amply demonstrated. Death from tuberculosis is frequently unnecessary. The important factor here is an early diagnosis.

"I wager that there are more hogs in Morgan county immunized against cholera and influenza than there are children in the county immunized against smallpox, diphtheria and typhoid fever. The speaker called attention to the fact that in the last 10 years in the U. S. there were over 1,000,000 deaths of infants under one year, fourteen times the number of men who paid the supreme sacrifice in our army in the great war. Memorials have been raised to the dead soldiers, and rightly so, but the actual sacrifice of our babies is almost unnoticed. Dr. Brokaw stated that thirty-six babies under one year of age died in Jacksonville in one year, and said that the deplorable fact is that more than one-half of these deaths could have been prevented.

The speaker concluded by saying that public health is purchasable and that the same is true of individual health. There is no investment, he said, which pays such big dividends as money applied to public health if judiciously spent.

## C. OF C. DIRECTORS HELD CONFERENCE

Reports Presented From Various Standing Committees Will Join in Welcome to Associated Press Men—Work Piles Up in Secretary's Office.

The Chamber of Commerce directors held a meeting Thursday night with Vice President John W. Merrigan presiding. Reports were made by Secretary Welch for the hard road committee, the Meredosia road committee, the Morgan county fair, the Morgan county Good Roads association and the commercial division.

The Associated Press Club is to come to Jacksonville in September by invitation of the chamber of commerce, and a committee will be named by the president to co-operate with W. H. DeShara, Jacksonville representative of the Associated Press in making arrangements for the coming of the sixty visitors.

There has been a great deal of discussion about the rules to be enforced in connection with the swimming pool at Nichols Park. Secretary Welch was instructed to ask the park board on behalf of the directors for the opportunity reading the rules before they have been formally adopted.

With Morgan county fair work and other activities Secretary Welch is at present finding it impossible to keep all the work of the office up in form. He was authorized to employ and additional assistance needed.

The matter of the Consolidated Oil Co's project was referred to the industrial committee for consideration. The session of the directors continued for two hours, many matters related to the welfare of the organization being considered.

## CANNOT VISIT WHITE HALL CHAUTAUQUA

Hon. Cornelius Doyle of Springfield Expresses Regret at Inability to Attend Assembly—Other White Hall News.

White Hall Aug. 17—Hon. Cornelius Doyle of Springfield in a letter to his friends in White Hall expresses his regret at inability to attend the White Hall Chautauqua this season. The communication came in response to insistent demands from admirers of Mr. Doyle in White Hall that he be heard on the chautauqua platform here this year and his reply is thus: "I have just returned to the Springfield office and find awaiting me in the mail a copy of the official program of the White Hall chautauqua to be held Aug. 20-27. I have also read with interest and with a very great deal of pleasure your very cordial letter to me. It is a renewed assurance of the warmth of friendship which had flowed between you and me for now these many years.

It has always been a great pleasure for me to respond to White Hall audiences whenever the time and opportunity permitted. You people have been kind to me far beyond my deserts. I have always held them in great appreciation and remembrance. Previous engagements, however, preclude the possibility of my being at White Hall during your chautauqua season. It would give me great pleasure to even attend the chautauqua if possible and renew the friendships of other days, and I am quite sure that you and my other good friends will understand the circumstances." The communication is addressed to Raymond B. Pearce.

A group of rather excited oil promoters at Peggam's drug store today was occasioned by a telegram from Scottville, Ky., stating that immediately adjoining an oil lease held by this group a well had been brought in from which had been pumped 250 barrels in nine hours. ## THE OPAL

Do you possess one? Do you think they are "unlucky"—don't, for the only unlucky feature is in not owning one or more.

THE OPAL with its myriad colored "fires" is one of the hand-somest and most striking of the precious stones, for ring, pin or brooch.

THE OPAL in any quantities is found in parts of Australia, Hungary and Old Mexico, the choicest from the first two named.

THE OPAL is found at all depths from almost at surface to forty feet below, existing under layers of soft clay and usually under ironstone deposits.

THE OPAL most highly prized is the "Orange Pin Fire," and only the black found in New South Wales commands a higher price.

We shall be glad to show you our stock of opal jewelry, and next week we will tell you something about opal polishing and refinishing.

## BLANKS FOR BABY CONFERENCE READY

Dr. Brokaw Announces That Babies Can Be Entered For Baby Contest Now—Should Register Early.

Dr. R. V. Brokaw, county health physician, has announced that entry blanks for the better babies contest at Morgan County fair, to be held the last of this month, are now available. Prizes totaling \$100 are offered.

The entries for this contest will close August 28th or as soon as two hundred names have been secured. The official announced that parents should enter their children as soon as possible as no more than two hundred can be taken care of.

These blanks may be secured either at the office of Dr. Brokaw, in the city hall, or at the first aid tent on the chautauqua grounds. Parents should fill them out immediately and mail them to the office of Dr. Brokaw.

On the entry blank the parents may specify whether they wish their baby entered in the contest for prizes or in the noncompetitive classes in which there are no prizes.

A number of skilled physicians and nurses will be secured to help in the judging and care of the infants in the contest. Several questions must be answered when the child is entered, such as weight at birth, previous illness, food, and hours of sleep.

The baby winning first honors will receive a prize of making the trip to the state fair better babies contest. The prize will include expenses for the child's parents as well.

This contest will undoubtedly create much interest as each child will have many friends and relatives boosting for its success. For years prize pigs, calves, and lambs have been on exhibition at fairs but the little humans have evidently not been rated as high, as their health, weight, etc., have until comparatively recent years been slighted in competitions at fairs.

This Conference is in no sense a "Baby Show." It is designed to give parents an opportunity to get expert advice regarding the physical condition of their children.

The Standard Score Card of the Illinois State Department of Public Health will be used in determining the development of the child examined. The following tests are to be applied: (1) Mental, (2) Physical, (3) Oral and Dental, (4) Eye, ear, nose and throat, (5) Weight and measurements.

Examinations will be conducted daily during the fair as follows: Mornings 9:00 A. M. to 12:00 P. M.

Afternoon 2:00 P. M. to 5:00 P. M.

Mothers will be advised of the exact time to report with the baby for examination.

A wrapping blanket and a pair of bloomers with elastic waist-band must be provided for each child, to be used during the examination.

Expert advice will be given regarding the correction of physical defects. Children needing treatment will be referred to the family physician and specialist.

A Non-Competitive Class is arranged for children whose mothers want to avail themselves of the scoring and advice without placing the child in competition for the awards.

Ample provision will be made for the comfort of mothers and children during the Conference.

Rules Governing Conference

(1) Entries must be made on forms which will be supplied on application to Dr. R. V. Brokaw, County Health Officer, Jacksonville, Illinois.

(2) Entries close Aug. 28th, or as soon as 200 entries are received.

(3) No entry or examination fee is charged.

(4) No child who recently has had a contagious disease and one suffering from any acute or constitutional disease, eruption,

sore throat, or fever, shall be brought to or entered in the conference. Children will be inspected for these conditions before being admitted for examination.

(5) Mothers must be prompt in keeping appointment given.

(6) Only those children entered in the Competitive Class will be eligible for awards.

(7) No child will be entitled to more than one award; and no award will be divided.

(8) In the event of a tie score, the children affected shall, upon request, report for re-examination by a selected staff of experts. Failure to return for re-examination will disqualify a child for awards.

(9) Mothers and children entitled to awards must be present when the awards are announced and given out on Friday, Sept. 1, at 5:00 P. M.

(10) No treatment or prescriptions will be given.

ANOTHER BIG CROWD AT FRANKLIN PICNIC

The second day of the big Woodmen and Odd Fellow picnic at Franklin was even a greater success than the first. The attendance was much larger, as on Wednesday the presence of William J. Bryan at the Jacksonville chautauqua drew many people from the community.

The program Thursday was in charge of the Odd Fellows lodge and included an address in the afternoon by Hon. J. L. Yantis of Shelbyville, grand master of the order in the state.

Burgoo soup and other good things to eat were provided in large quantities and the patronage was liberal. The park was crowded with visitors all during the day and in the evening the platform dance drew another large crowd.

The ball game in the afternoon was between the Franklin and Murrayville players. The score was 6 to 1.

The picnic ranks as one of the most successful ever given in Franklin and this fact is due to the way in which practically the entire community co-operated in the undertaking.

FIRE LOSS ON FARM NEAR MANCHESTER

Joseph Riley Suffers Loss of Storage Building by Fire Thursday—Other News Notes.

Manchester, Aug. 17—Fire was discovered shortly after noon in the storage shed on the farm of Joseph Riley, west of town, and before the flames could be extinguished the building and contents were destroyed. In the shed were stored a number of farm implements, and Mr. Riley's loss will be considerable. It is understood that he carried some insurance.

One of the neighbors set fire to a humblebee's nest in a stubble field near the Riley farm and the flames communicated to the storage shed.

Fulton Cuddy has moved from his farm home and is now occupying the residence property of Mrs. C. A. Hughes.

Frank Windsor is now occupying the Cuddy farm home and Fred Ruble and family moved Thursday into the property vacated by Mr. Windsor.

The funeral of the late James M. Heaton will be held at 3 o'clock Saturday afternoon from the residence of Henry Heaton in Manchester.

WERE GUESTS IN CITY

Mrs. Mertie Hyde of Birmingham and Mrs. Hattie Lautz of Brooklyn and Mrs. Lena Lautz have been recent guests at the home of Mrs. Holman, Mrs. Oldridge and Mrs. Barber. Guests at the home of Mrs. Holman Thursday were Mr. and Mrs. Black of Peoria and Mr. and Mrs. Redding of Virginia.

RETURN TO CLINTON

Mr. and Mrs. E. A. Brennan motored to Clinton yesterday and took Mr. and Mrs. Charles Carroll. Mr. and Mrs. Carroll accompanied the body of their mother to this city.

## FORMER RESIDENT DIES IN NEBRASKA

Mrs. George H. Tremblett Passes Away at Home of Daughter in Lincoln—Was Resident Here all Her Life.

Word was received in the city last night of the death of Mrs. George H. Tremblett which occurred at the home of her daughter, Mrs. Fred Rehlander in Lincoln, Nebraska. Mrs. Tremblett had been in ill health for a number of years and her death was not unexpected.

Decedent before her marriage was Miss Abbie Sanderson and was born in this city 66 years ago and her entire life was spent here.

She was united in marriage to George H. Tremblett in Springfield thirty-six years ago. Mr. Tremblett preceded her in death in December 1921. She is survived by three children, Mrs. Fred Rehlander, Lincoln, Nebr., Mrs. Gus Scurlock, Des Moines, Iowa, and Verne Tremblett, Chicago. She also leaves two sisters and three brothers, Mrs. James McNabb, Lincoln, Nebr., Mrs. James Cunningham, Omaha, Nebr., Cy Sanderson, Los Angeles, Calif., Henry and William Sanderson residing in the state of Washington.

Mrs. Tremblett was a member of Westminster church. She also was affiliated with Caritas Lodge Rebekahs, Wilbur Chapter Order of the Eastern Star and Rev. James Caldwell Chapter of the D. A. R. During her long residence here Mrs. Tremblett won and held the high esteem of many friends who will regret to hear of her death.

The body will be brought here for funeral services and interment and will be taken to the Reynolds Mortuary. Funeral services will be held from the Reynolds Chapel, the time to be announced later.

## WILL WAS FILED FOR PROBATE THURSDAY

Will of Mrs. Sarah J. Deatherage of Waverly Filed Thursday—Makes Numerous Bequests.

The will of the late Mrs. Sarah J. Deatherage of Waverly was filed for probate Thursday in the office of County Clerk G. L. Riggs. The document bears the date of July 14 1922, and the signature was witnessed by A. C. Moffet and Jennie Hudson.

After providing for the payment of debts and funeral expenses, the testatrix directed that all her real estate be sold and the proceeds divided as follows:

To Will Deatherage of Seattle, Wash., a nephew, \$250.

To Frank Deatherage of Chicago, nephew, \$250.

To Allie Deatherage of Beards-town, a nephew, \$100.

To Sallie Geiger, of Waverly, a niece, \$100.

To Julia McMahan of Waverly, a niece, \$100.

Bequests of \$50 each were made to Elvus Deatherage of Waverly, and to Rev. R. J. Watts. The sum of \$50 is left in trust to the Waverly Cemetery Association, the interest therefrom to be used for the care of the graves of the testatrix and her husband.

Household goods and personal effects of the testatrix are bequeathed to John Deatherage of Jacksonville, a nephew, to Darwin Deatherage, Elvus Deatherage, Oyer Deatherage, all of Waverly.

If there be any money remaining after the above bequests are made, the testatrix directed that he sum of \$1,000 should be paid to John Deatherage of Jacksonville, and any money remaining is to be equally divided among the heirs mentioned above.

John Deatherage of this city is named as executor of the will.

**THE FIRST CORN PLANTER**

The first one I ever saw, was owned by my grandfather. It consisted of two upright planters (something like our modern hand planters) fastened together at the top by a cross bar and just 4 feet apart. It had a sliding bar to work the two boxes. It had no plates. The planter was carried by hand, the field being laid off both ways.

At the proper place, the planter was thrust down in the soil, and a handle attached to the sliding bar below, and up thru the connecting bar above was worked by the operator, and two hills planted. The first corn planter that G. W. Brown of Galesburg, Ill., had, consisted of two wooden runners, an upright shank, attached to heel of runners, and seed hoppers placed on top. It had no wheels or seats, the driver and dropper walking, it had two handles projecting from behind to lift the planter around at ends, two horses being attached.

This planter was never placed on the market. The first was similar, two wheels a seat for the driver, and one for the dropper. The driver's seat was something like a carpenter's trestles, fastened lengthways between the wheels. He sat astride and when he raised the runners, he slid back and when he lowered them, he slid forward. The runners were shod with iron, and the raising and lowering of the runners is the same principal in our modern planters, only it had no lever.

The first improved Brown planter was like the first, only it had steel runners, and a valve in the heel of the runners. The dropper sat on a flat board, markers were attached to droppers, well ahead, so he could see the markers.

**CAMP ROOSEVELT  
TERM SUCCESSFUL**

Fourth Year Completed Under Direction of Major Beal—Attendance Next Year Will Be Limited.

With the breaking of camp on Wednesday morning, August 16, and the return of the cadets from 21 states to their homes, Camp Roosevelt, nationally known as Major F. L. Beal's boy-builder, ended its first year in its new location near LaPorte, Indiana. This is the camp's fourth successful season, but the summer just closed has so completely eclipsed the others that it has established itself on an entirely new basis. The splendid facilities which the grounds on Silver Lake afford have made possible a more elaborate program for vacation instruction.

A departure from the former plan of organization was made this year, in changing the length of each period to three weeks. Each of the periods was crowded to its maximum, and plans for next year's camp, which are already well under way, will necessitate limiting the enrollment to a definite number.

The camp school has become one of the greatest features of the camp work. Nearly every subject has been taught, but physical developments have been given its full quota of attention. Swimming, boxing, and every form of athletics have been promoted, and at least half of every day was given over to recreation and sports.

The camp has operated the largest radio station in northern Indiana, and classes in radio were held daily.

Two splendid bands, one from the Hamilton, Ohio, High School, and the other from the Joliet Township High School, Joliet, Illinois, did much to effect the rhythmic perfection of the military performances.

The camp itself in every respect emulates a war-time cantonment. 100 squad tents were pitched on a plateau above the lake. Here the high school boys and their officers were quartered. The younger boys were accommodated in tents and in the clubhouse near the lake, where they were under the direct supervision of a group of college men especially picked for the work.

Camp Headquarters was located in an old barracks built for the accommodation of S. A. T. C. men during the war. Here were the offices of the commanding officers, the adjutant, the finance officer and the camp newspaper.

**SECRET OF A GOOD  
DISPOSITION**

A woman who carefully safeguards her health benefits her disposition. She will be happy and attractive to all. The world unfortunately is filled with sweet women who are unhappy because they are held back from usefulness by troubles so common among them. Fretfulness and nervousness rapidly destroy good dispositions. Sickly, all-worn-out women cannot make happy homes.

Lydia E. Pinkham's Vegetable Compound is a safeguard of women's health. This is clearly proven by the many letters we are continually publishing in this paper, from women who have been restored to health and happiness by its use after years of suffering. Why don't you try it?—Adv.

Mrs. Fletcher served, following the ceremony, a delightful luncheon in the prettily decorated dining room of her home. The color scheme was in pink and white and made a charming picture with which to surround the bride and groom.

After the wedding luncheon the bride and groom left by auto for St. Louis where they will spend a short time and then proceed to their new home in the Austin apartments, Omaha Nebraska.

Mrs. Whitfield was for the past year teacher of expression in Jacksonville high school. She received much well earned praise for her work in coaching the plays of the dramatic club and the senior play.

The groom is secretary of the Commonwealth Life Insurance Company of Omaha. He and his bride were both formerly residents of Decatur, and met there. Mrs. Whitfield is a graduate of James Milliken University.

**THE PROSPERITY SPECIAL**

Yes, I saw "The Prosperity Special."

On the track at old Tucson!

'Twas greeted by crowds and music.

As its marvelous length rolled on.

'Twas given speeches of welcome—

'Twas called "the most wonderful train."

That ever crossed our country;

And our hearts grew proud and vain.

As we gazed at those giant engines—

So eloquent of power;

And I drew a timely lesson.

That befits this crucial hour.

As those shining locomotives

Must be perfect in each part.

To avoid untold disaster.

So must men be true in heart.

From our servants in The White House.

To our children in the school.

To avoid the wrecks that menace.

Let's apply The Golden Rule.

Let employers give to labor

Living wage for honest toil;

Let our markets grant the farmer

Fair returns, who tills the soil.

Let each count all men his brothers;

Scorn the name of Profitteer!

Scorn to rob the weak and helpless!

Scorn to cause a falling tear!

Let us wipe out all injustice!

Loyal, true, united stand,

While Old Glory floats unsullied.

O'er Columbia's matchless land.

Thus alone, to heights of grandeur.

From past wrongs, may we arise;

Thus shall strikes and all dissensions,

Cease forever, 'neath our skies.

**GAS WORKS**

"My stomach has been so filled with gas for the last three years that I felt I could pretty nearly supply our town. I also had frequent pains in my right side in region of the appendix. Doctors didn't help much. One day my neighbor told me about what Mayr's Wonderful Remedy had done for him and I got a bottle of it. It will do all and more than you claim for it." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale at all druggists.—Adv.

A MORE MILK MESSAGE from

Lewis Clary Co.

Jacksonville, Ill.

Of course, you want to get MORE MILK from your cows. You want to have them in the "pink of condition" all the time, too. You want your feed cost kept down to lowest point, also. Then here's our "Message" in a nut-shell. Feed them

SUGARED SCHUMACHER FEED

Feed it as the base or maintenance part of your ration, along with cottonseed meal, gluten, Big Q, or other good concentrates, and you will be surprised at the marked increase in milk yields and improvement in physical condition of your cows.

The reason is because SUGARED SCHUMACHER is essentially a MAINTENANCE ration. It supplies the cow with an abundance of bodily nutrition—nourishment, and thus fits her to produce MORE MILK from the protein feed she consumes. Like fuel which makes heat—it makes energy, vigor, endurance, etc., without which no cow can do her best.

It's SWEET—cows like it—do better on it—look better—keep healthier. Come in and let us tell you all the good points about this better feed—how and why it produces MORE MILK at lower cost.

## Ham Prices Are Down

Ham—Boiled, Baked (Hot or Cold), Broiled, or Fried—is one of the most appetizing and savory foods that the market offers.

The wholesale price of ham is fifteen to twenty per cent lower than it was six weeks ago.

The U. S. Dept. of Agriculture in an announcement dated June 19, 1922, in referring to vitamins found in meat said, "Various cuts of meat were tried, and in every instance pork was found to be relatively rich in vitamins. Pork tenderloin, fresh ham, smoked ham, and pressed boiled ham were tested and the results were much the same with all of them."

Swift's Premium Hams are always of a uniform high standard of quality, regardless of price. A special cure of sugar and salt, and smoking over hardwood fires impart a flavor that has made "Premium" Ham the world's standard.

Summer time is ham time. Insist on having "Swift's Premium"—see the blue identification tag.

### NEW HIGH RECORDS ARE ESTABLISHED

NEW YORK, Aug. 17.—The fundamentally strong position of the stock market was made evident today when more than a dozen new high records for the year were established in the moderate advance in prices. There was a marked absence of public buying but the financial community's confidence in an early settlement of pending labor troubles found expression in the steady absorption of investment securities at steadily rising prices.

Coal carrying railroads stood out prominently in the dealings in the group, Lehigh Valley and Chesapeake & Ohio breaking thru to new top prices while Reading touched the highest figure since the supreme court decision confirming the right of the preferred stock holders to take part in the segregation plan.

Northern Pacific and Chicago & North Western, common and preferred also sold at the year's best prices.

Total sales 600,000 shares. Demand sterling was urgent demand in the foreign exchange market rising to 4.49, or within a few points of the year's high record while German marks fell to the extreme low record of 82 cents a hundred.

### UPURNS IN PRICE OF WHEAT

By Associated Press.  
CHICAGO, Aug. 17.—Upturns in price for all grain took place today owing largely to reports that drought and heat were damaging corn. Dealers who previously had been conspicuous sellers of wheat and corn expected a rapid change in front. The wheat market closed firm 1¢ to 2¢ net higher with Sept. \$1.03 and December \$1.04 @ \$1.04. Corn gained 1¢ to 2¢ and oats 2¢ to 1¢. In provisions the outcome ranged from 7 cents decline to five cents advance.

At first the wheat tendency showed a downward tendency which appeared to be related to adverse European financial conditions especially a new low price record for German marks. It soon became apparent that a much more powerful influence was the stubborn assent of the corn market, guided by persistent damage complaints from states of largest production. Soon the wheat market, too, began to climb in line with corn. The rise in values continued then thruout the day and wheat closed at the topmost figures reached.

Export buying of wheat here was estimated at 620,000 bushels and it was said that 700,000 bushels more had been taken at the seaboard mostly for deterred shipment from Gulf ports to Europe. Another bullish factor was a falling off in primary receipts, perhaps because on the rail strike. There were suggestions current that the crest of the crop movement in southwest already had passed. Notwithstanding that rural offers of corn increased as prices bulged the corn market advance gave no sign of being checked.

South Dakota, Minnesota, Nebraska, Oklahoma, Illinois, Indiana and Ohio were said to be in need of rain. Oats followed corn. Provisions averaged lower with hogs.

## VETERANS MUST FILE CLAIMS WITHIN FIVE YEARS

Little attention has been paid up to the present time to that section of the War Risk Insurance Act (Section 309) which deals with the time limit for making claim for disability incurred in the United States Services. Under this Section of the Act it specifically states "That no compensation shall be payable unless a claim therefore be filed, in case of disability, within five (5) years after discharge, or, resignation from the service."

In plain language this means that any man who has a disability which is due to his service in the United States Armed Forces must file a claim for that disability within five (5) years after date of his discharge. Any man discharged from the service between April 6, 1917 and October 6, 1917, as an optional right, can either apply to the Pension Bureau or to the Veterans' Bureau. Any person discharged after October 6, 1917 must apply to the Veterans' Bureau for his disability claim and must do so within the five years period. An example of this is: A man discharged from the Navy December 1, 1917, on a disability discharge, files a claim with the Veterans' Bureau at Chicago District Office on December 10, 1922. His claim must necessarily be disallowed because he has not applied for compensation within the five (5) year period.

The Chicago Office is urging all ex-service men and women who believe that they have a disability due to service to immediately file claim for same in order that they may not be disbarred from the benefits of the Act because the time limit has expired in which it is possible for them to make claim.

All claims and information concerning same may be taken up with the District Office, U. S. Veterans' Bureau, 111 N. Canal street Chicago, Illinois, or with the Sub-District Office of the U. S. Veterans' Bureau at United States Veterans' Bureau, 401 S. Seventh street, Springfield, Ill.

# Know Your Car?

Ultimately owners will be able to indicate where the unusual sounds come from.

It is not necessary to learn how to eliminate or correct the trouble. Professional mechanics are in a better position to suggest the method of repair. It is necessary for the driver to know when something is wrong and about where and how important that something is.

Study your car—Be fair to it, yourself, and the people who try to help you.

Your trouble and complaint of service will soon vanish. Cooperation will get you more than abuse.
